

KUMUDUMINI SAMEEKSHA

Software Engineering Undergraduate | Aspiring Software Engineer | Front-End Developer & UI/UX Designer

Contact Number: +94 77 218 1984 | Email Address: sameeksha2002kumudu@gmail.com

Address: 160 A / 2, Giraimbula, Hanwella, Sri Lanka

GitHub: <https://github.com/Kumudu-Sameeksha> | LinkedIn: <https://www.linkedin.com/in/kumudumini-sameeksha-019a54339>

PROFESSIONAL SUMMARY

Motivated Software Engineering undergraduate currently pursuing a Bachelor of Science (Honours) in Software Engineering with strong knowledge of Front-End Development, UI/UX Design, software engineering principles, object-oriented programming, database management, and modern development frameworks, along with foundational knowledge of Full-Stack Web Development. Hands-on experience developing academic and personal software projects using Java, React, Flutter, TypeScript and JavaScript. Passionate about building scalable software solutions, learning emerging technologies, and contributing effectively within collaborative Agile development environments. Seeking a Software Engineering Internship to apply technical expertise while gaining valuable industry experience.

CORE COMPETENCIES

- Software Development
- Mobile Application Development
- Frontend Engineering
- Responsive UI Development
- REST API Integration
- Git Version Control
- Team Collaboration
- Software Testing Fundamentals

TECHNICAL SKILLS

- Full-Stack Application Development (React, Next.js, Node.js, Flutter)
- Java, Python, C, JavaScript & TypeScript Programming
- HTML5, CSS3, Tailwind CSS & Responsive Web Design
- MySQL Database Management
- Object-Oriented Programming (OOP), MVC & Software Architecture
- Git, GitHub, VS Code, Android Studio & Figma
- UI/UX Implementation, Component-Based Development & Frontend Optimization
- Problem Solving, Team Collaboration, Communication & Time Management

PROJECT EXPERIENCE

- ElectroMart E-Commerce Website (2026)**
React, TypeScript, Tailwind CSS, React Router DOM, Vite, Context API, Local Storage, Lucide React, VS Code
Role: Front-End Developer | **GitHub:** <https://github.com/Kumudu-Sameeksha/ElectroMart>
Built a 10+ page e-commerce website with product listing, cart, and checkout features.
- BinGo Flutter App (2026)**
Flutter, Dart, Express.js, TypeScript, MongoDB, Google Gemini AI, JWT Authentication
Role: Front-End Developer & UI/UX Designer | **GitHub:** <https://github.com/Kumudu-Sameeksha/BinGo-Flutter-App>
Designed 8+ screens for a mobile app with AI-powered features and secure user login.

- **Vehicle Auction System (2025)**

C#, ASP.NET Core 9, PostgreSQL, Redis, React.js, WebSockets, Stripe API, JWT Authentication, Docker, AWS EC2, AWS RDS, AWS ElastiCache, VS Code, Figma

Role: Front-End Developer & UI/UX Designer | **GitHub:** <https://github.com/Kumudu-Sameeksha/Vehicle-Auction-System>

Built the front-end for a real-time bidding system with live updates and secure payments.

- **Smart Study Assistant Website (2025)**

React, JavaScript, CSS, React Router DOM, Context API, Local Storage, VS Code, Figma

Role: Front-End Developer & UI/UX Designer | **GitHub:** <https://github.com/Kumudu-Sameeksha/Smart-Study-Assistant-Website---MindBloom>

Created an 8-feature study planner website.

- **Portfolio Website (2026)**

HTML, CSS, JavaScript

Role: Front-End Developer | **GitHub:** <https://github.com/Kumudu-Sameeksha/Portfolio-Website>

Built a responsive personal portfolio website with 6 main sections.

EDUCATION

- **Bachelor of Science (Honours) in Software Engineering**

NSBM Green University, Pitipana, Homagama, Sri Lanka

October 2023 - Present | Following

- **Diploma in English Language and Literature**

Aquinas College of Higher Studies, Borella, Colombo, Sri Lanka

March 2023 - September 2023 | Successfully Completed (Intermediate Level)

- **Certificate Course in Computer Application**

National Institute of Business Management (NIBM), Colombo, Sri Lanka

March 2023 - July 2023 | Successfully Completed

PROFESSIONAL CERTIFICATIONS

- Introduction to Software Quality Assurance – University of Moratuwa, Sri Lanka (2026)
- Python for Beginners – University of Moratuwa, Sri Lanka (2025)
- Front-End Web Development – University of Moratuwa, Sri Lanka (2025)
- Introduction to AI – Coursera (Google) (2026)
- Maximize Productivity with AI Tools – Coursera (Google) (2026)
- FigMate - UI/UX Figma Workshop – NSBM Green University, Homagama, Sri Lanka (2025)
- Gitzen 1.0 - Technical Session – NSBM Green University, Homagama, Sri Lanka (2026)

EXTRA CURRICULAR ACTIVITIES

- Actively participated in software engineering coursework, collaborative development projects, and technical workshops.
- Continuously enhance technical knowledge through professional certifications and self-directed learning.
